WELCOME TO THE 6th EDITION OF NEPAL WOOD INTERNATIONAL EXPO

Nepal Wood International Expo is Nepal's largest and most successful event for the latest innovations & technologies and has become the platform of progress across the wood, woodworking, Furniture and Interior Design sector for Nepal. Exhibiting at this event will connect you with the industry in the region. Trade visitors, professionals and serious buyers have been using NEPAL WOOD as an opportunity to strengthen ties with new customers, network and catch up on the latest technologies. Being a highly specialized show, NEPAL WOOD provides an excellent opportunity for domestic and international companies to showcase and learn about wood and to build new strategic relationships with buyers, traders and investors globally.

NEPAL WOOD 2020 is a meeting ground for manufacturers, importers, traders, distributors, converters and end- users in the wood industry. Launching new products and latest technologies all the highlights of the show. Exhibitors from Nepal, India, China, Malaysia, Italy and many more will be displaying their products and 30,000+ trade visitors are expected to be at NEPAL WOOD 2020.

This trade fair offers you a chance to meet wood and

woodworking professionals and develop ideas for increasing the range and quality of your business and learn new techniques and sources of supply.

As the regions' only dedicated trade show on the sector, Nepal Wood International Expo provides a powerful venue for companies in the wood industry to exploit the ongoing infrastructure and construction boom in the country. Building on the success of the 5th edition where the show transacted millions of dollars in business and with all exhibitors having confirmed their participation after previous editions, we had to double the exhibition space and the results speaks for itself.

Nepal Wood International Expo is the foremost exhibition that offers you a chance to meet wood and woodworking professionals and the interior design fraternity and develop ideas for increasing the range and quality of one's business. It has a vision to be the platform for creative ideas and new technologies, as wood manufacturers and traders turn their attention towards innovative resources that would initiate business.
